

## **LEMON PUNCH THEATRE LAB LLC**

### **Statement of COVID-Safer Protocols**

#### **Affirmation of Vaccination Status**

#### **Waiver of COVID Liability**

**Welcome to the Lab!** Because we are yet again in a COVID season, and we also have flu, RSV, and colds circulating, it's important to set some protocols for our work together. **These protocols are designed to allow us to work without masks on as often as possible, so please take them seriously and help me apply them fairly and equally.**

**1. YOU ARE EXPECTED TO BE CURRENT ON YOUR COVID VACCINATIONS.** "Current" means that you have received your complete round of doses of a CDC-approved vaccine and that you've received any boosters for which you are eligible. After your first affirmation of vaccination, I will not be checking on your status, as everyone has different contexts for their vaccination decisions, so this is on the "honor system." But I strongly encourage anyone who hasn't had their most recent booster to do so.

**2. MASKS ARE NOW OPTIONAL IN PUBLIC AREAS OF THE BUILDINGS WHERE WE REHEARSE.** Mask requirements are currently lifted in the hallways, staircases, and bathrooms of each facility. I strongly encourage you to mask in tight corridors or public restrooms in these spaces.

**3. PLEASE WASH YOUR HANDS UPON ARRIVAL IN THE LEMON PUNCH STUDIO.** I have two sinks in the studio: a utility sink in the main area and a sink in the handicapped-accessible bathroom. There will be ample soap and paper towels provided.

#### 4. IN CASE OF INFECTION OR EXPOSURE:

- Please **notify me immediately** if you are **exposed to COVID** or **test positive**.
- **Do not attend class if you have any symptoms** of COVID or any other contagious illness like flu or a cold.
- **If you have tested positive for COVID**, you must **wait at least SEVEN DAYS** after the onset of your symptoms, or after your positive test result in the case of asymptomatic infection, **before you may return to live class**. You must **wear your mask through day TEN**. Classes may move temporarily to Zoom.
- If you have been **exposed to COVID**, you must **wait at least FIVE DAYS after exposure and test negative to return to class**, and you must **wear your mask through day TEN**. Classes may temporarily move to Zoom.
- If you do have to miss class, I will work with you to decide how you'd like to make up the time, be it through Zoom coaching, in-studio coaching after your symptoms have passed, or with credit towards your next class.

5. **Please consider your involvement with high COVID risks, such as international flights, when registering for classes.** This is an evolving situation, and we all have different comfort levels, so if you aren't sure about a scheduled activity, please ask and we can discuss options.

6. **These protocols may be amended** at any time in accordance with changes in community transmission numbers and/or state guidelines and health recommendations. Thank you so much for joining us in the Lab, and for helping us to keep everyone healthy, safe, and acting!
